

PERMACON

THE HARMONY OF SPACE

Building moments

LANDSCAPE PRODUCTS

2020

The little moments in life.
When everything takes
on a new meaning.

The simplicity of everyday life,
the comfort of being at home.
Welcome all these moments
that make this life,
your life.

PHOTO COVER PAGE
MELVILLE 60 SLABS RANGE SCANDINA GREY - P 55 / LAFITT TANDEM CAPPING MODULES RANGE SCANDINA GREY - P 101

PLEASE NOTE: THE COLOURS OF THE PRODUCTS SHOWN IN THIS CATALOGUE ARE AS ACCURATE AS THE PHOTOGRAPHS AND PRINTING PROCESS WILL ALLOW. SINCE ALL PERMACON PRODUCTS ARE MADE FROM NATURAL MATERIALS, SUCH AS SAND AND STONE THAT MAY CHANGE OVER TIME, COLOUR AND TEXTURE VARIATIONS ARE TO BE EXPECTED. WE STRONGLY RECOMMEND THAT YOU MAKE YOUR FINAL COLOUR SELECTION BASED ON A CURRENT PRODUCT SAMPLE RATHER THAN EXISTING PROJECTS OR THE PHOTOGRAPHS SHOWN HERE. IN ORDER TO SIMPLIFY THE SELECTION PROCESS, THE SAME COLOUR NAME MAY BE FOUND IN VARIOUS PRODUCTS. THIS IS MEANT TO COORDINATE PRODUCTS WITH SIMILAR COLOUR TONES, AND DOES NOT IMPLY PRECISE COLOUR MATCHING.

Raw materials

The art of living in any season. Landscape design allows you to enhance the backdrop of happy moments. In perfect harmony with the elements, nature, and the landscape, we focus on constructing living spaces that are synonymous with well-being.

A new era of
colours and textures.
Create something exceptional.

SATURA technology faithfully reproduces various materials while retaining the benefits of dry concrete. Vibrant and unique colours, provide even more tone and composition options.

 **UNIQUE AND VIBRANT COLOURS**

- A range of colours never before offered on dry concrete products.
- A wide variety of tints, colours and finishes for perfect harmony.

 **REALISTIC TEXTURES**

- Natural stone, wood, granite, quartz—everything is possible with Satura.
- All the looks you dream of, reproduced to perfection thanks to incomparable technology.

Create a space that reflects you.

Unrivalled protection with SATURA technology

DURABLE AND SUPERIOR QUALITY

Laboratory and field-tested protection preserves the integrity of finishes and the brilliance of colours through the years.

MINIMAL MAINTENANCE

Can simply be cleaned with water or with products specifically designed to remove stubborn stains.

STANDS THE TEST OF TIME

The sealant applied to Satura products provides protection against stains, weather and sunlight.

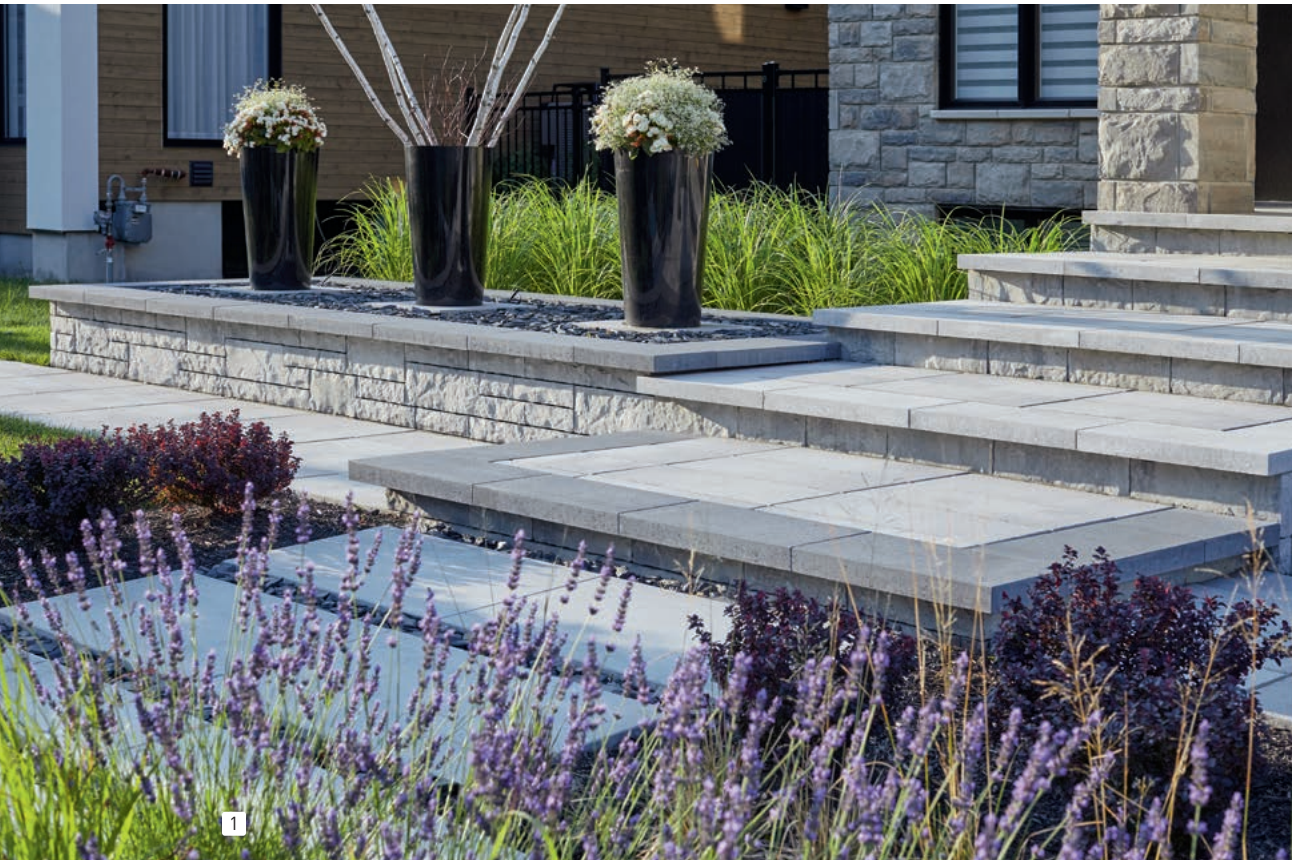

satura[®]
reimagine what's set in stone

A good first impression.
The prologue of your personality.

1

WALKWAYS

Create an inviting and customized walkway by repeating an architectural element or shape from the house onto the ground. To bring more rhythm to your design, clearly define zones by separating walkways with landscaping elements and bring it all together with patterns that repeat throughout.

**A feeling of happiness
all summer long.**

Take in the sun and share
the enjoyment.

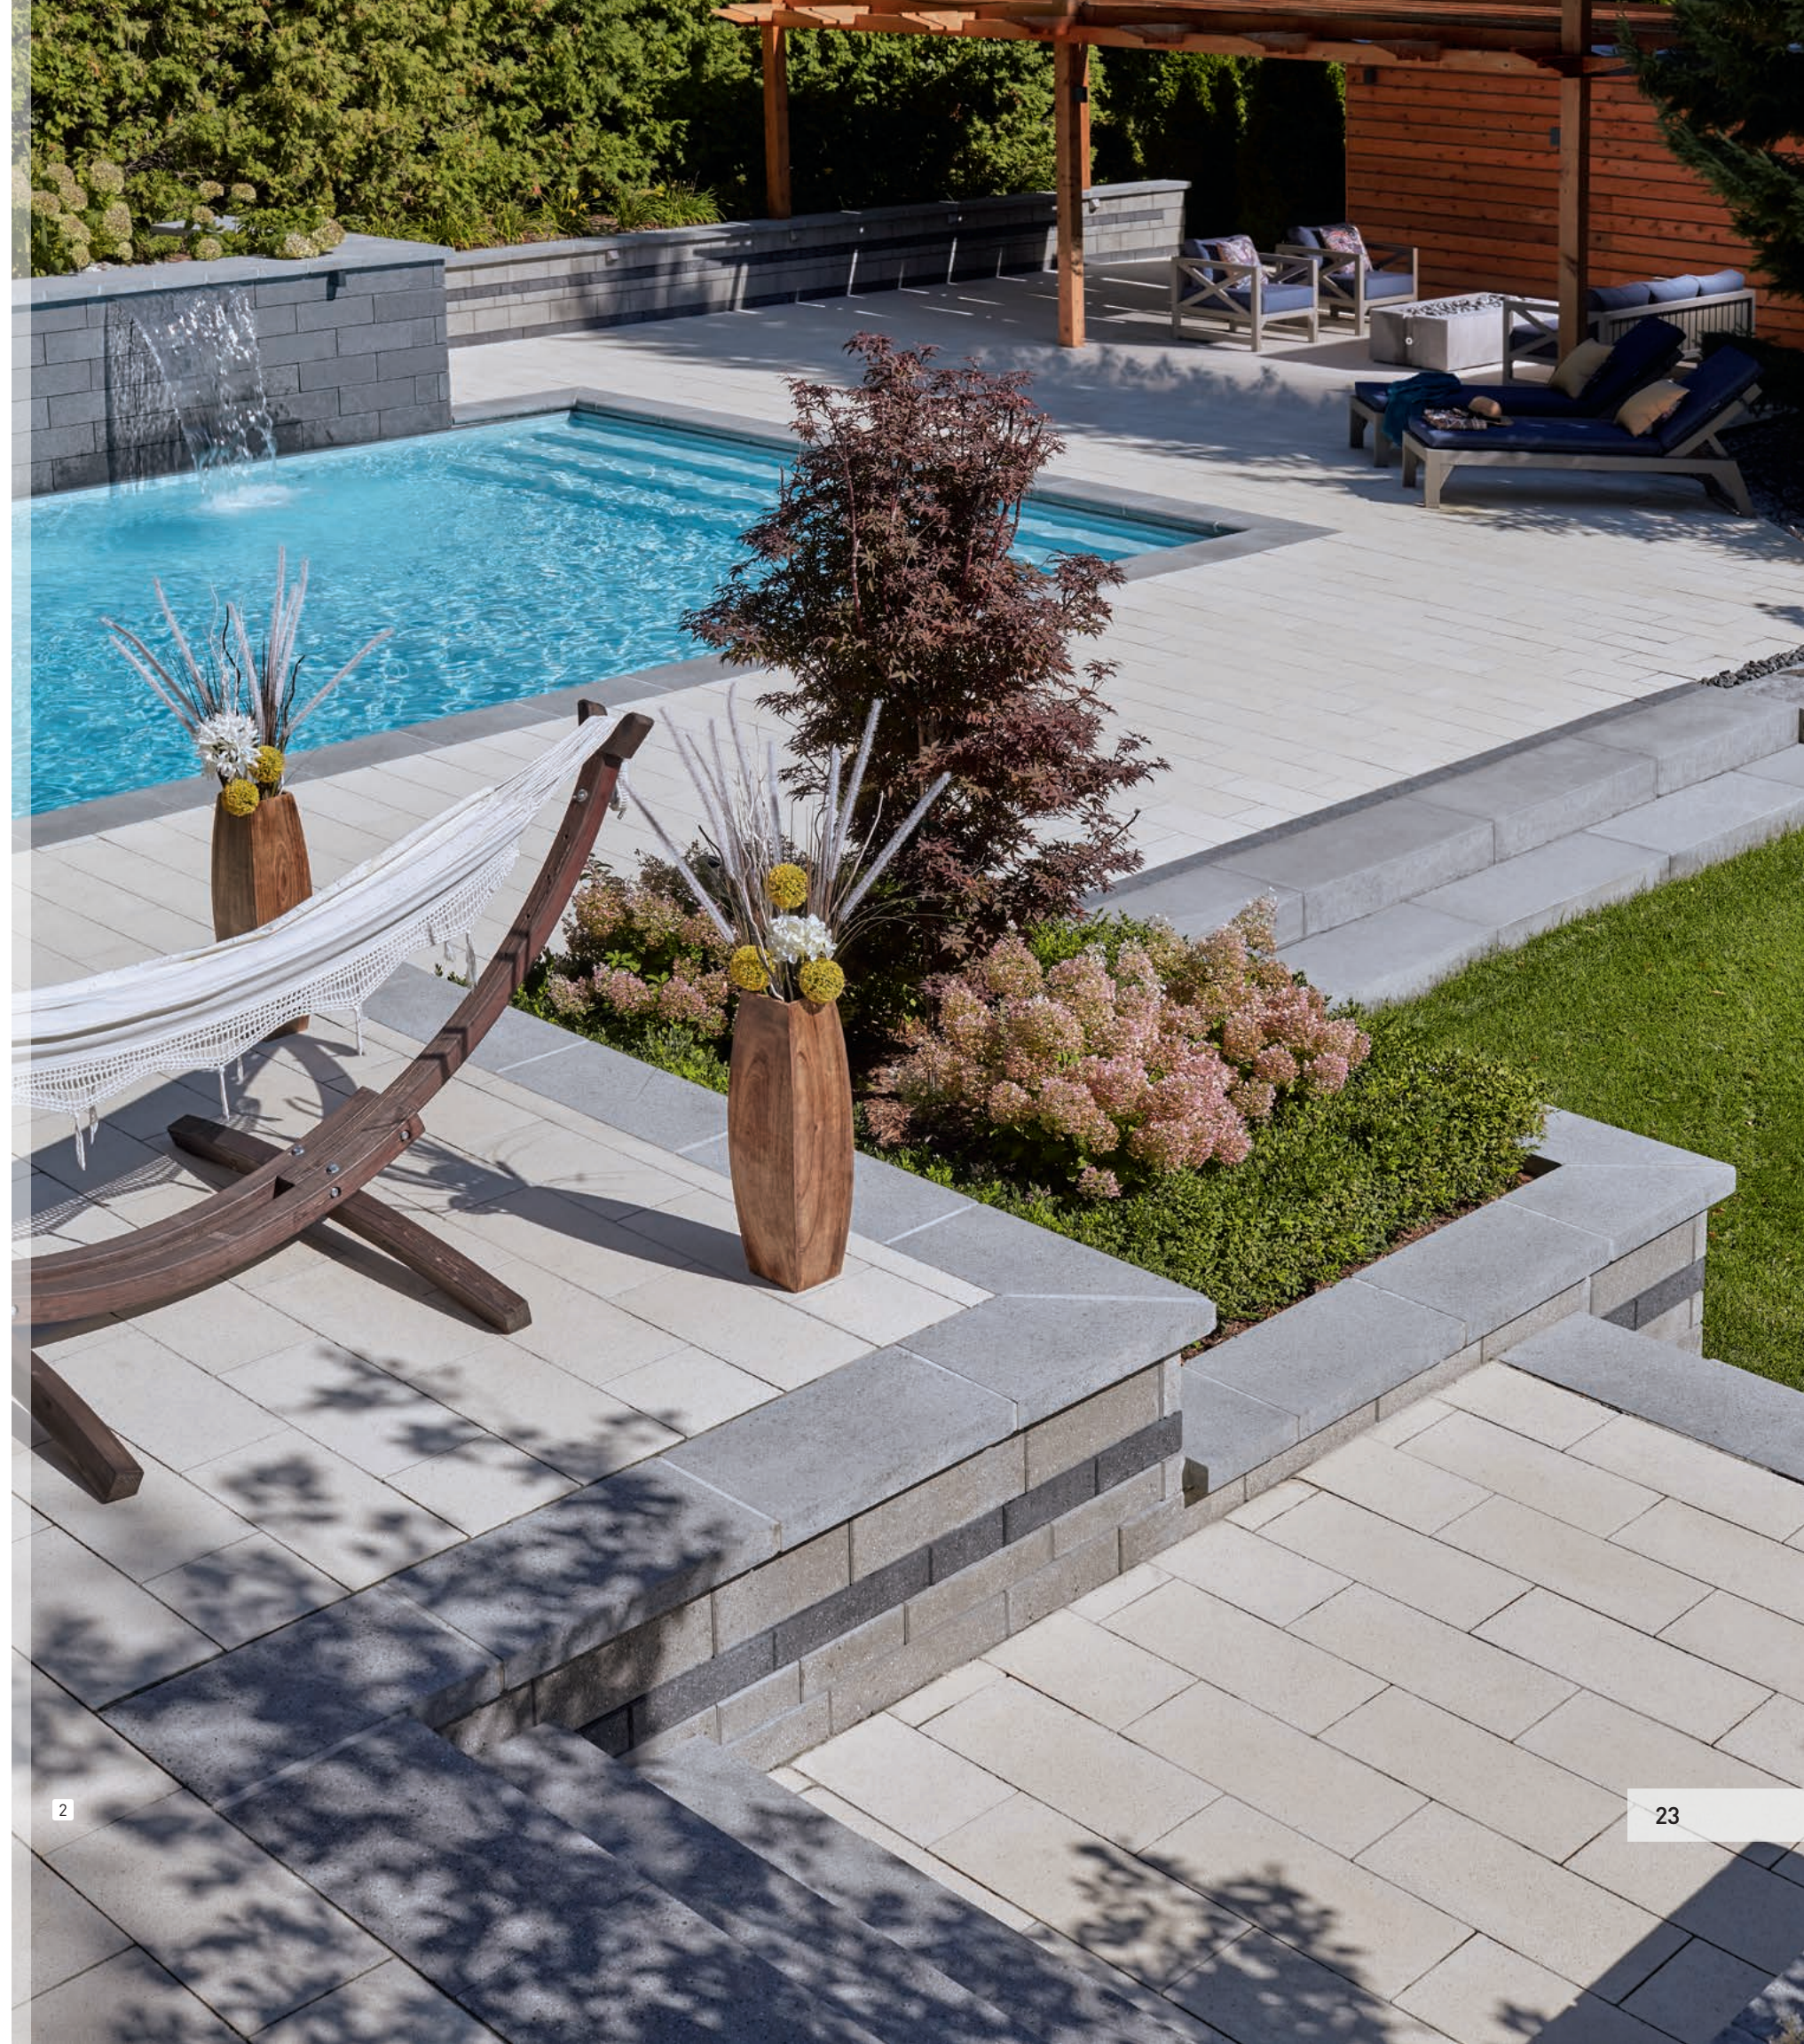

RAINWATER DRAINAGE
 It is important to plan for rainy days and ensure that rainwater drains properly. By adding a linear drain covered with small rocks, you can funnel water away and add an interesting decorative feature.

around the table.**
Exchanging great stories
between friends.

DEFINE LIVING SPACES

Matching or contrasting landscaping features that offer more than one texture or colour can help define your living space.

By raising a specific area or building landings of various heights, you can create volume and make your landscaping more dynamic, more natural and more colourful.

A split-page image showing a wooden deck with Adirondack chairs and a table overlooking a lake at sunset. The left side shows the chairs and a striped blanket draped over one. The right side shows a table with a bowl and sunglasses, and the deck's edge with a rope railing. The sky is a warm orange and yellow, reflecting on the water.

**Your own little
place to unwind.**
Savor and enjoy
the moment.

CREATE RHYTHM AND CONTRAST
 When creating a landscaping plan, you must take the land, dimensions, slope, sunshine and interest points into consideration. Bring your dream backyard to life by adding a relaxation area, an outdoor kitchen or pool. Our products feature a wide range of colours and textures that will add volume and rhythm to your space.

Our portfolio of landscaping products is divided into five collections.

A perfect match of styles and inspirations to simplify and optimize your purchase and the design of your project.

The collections

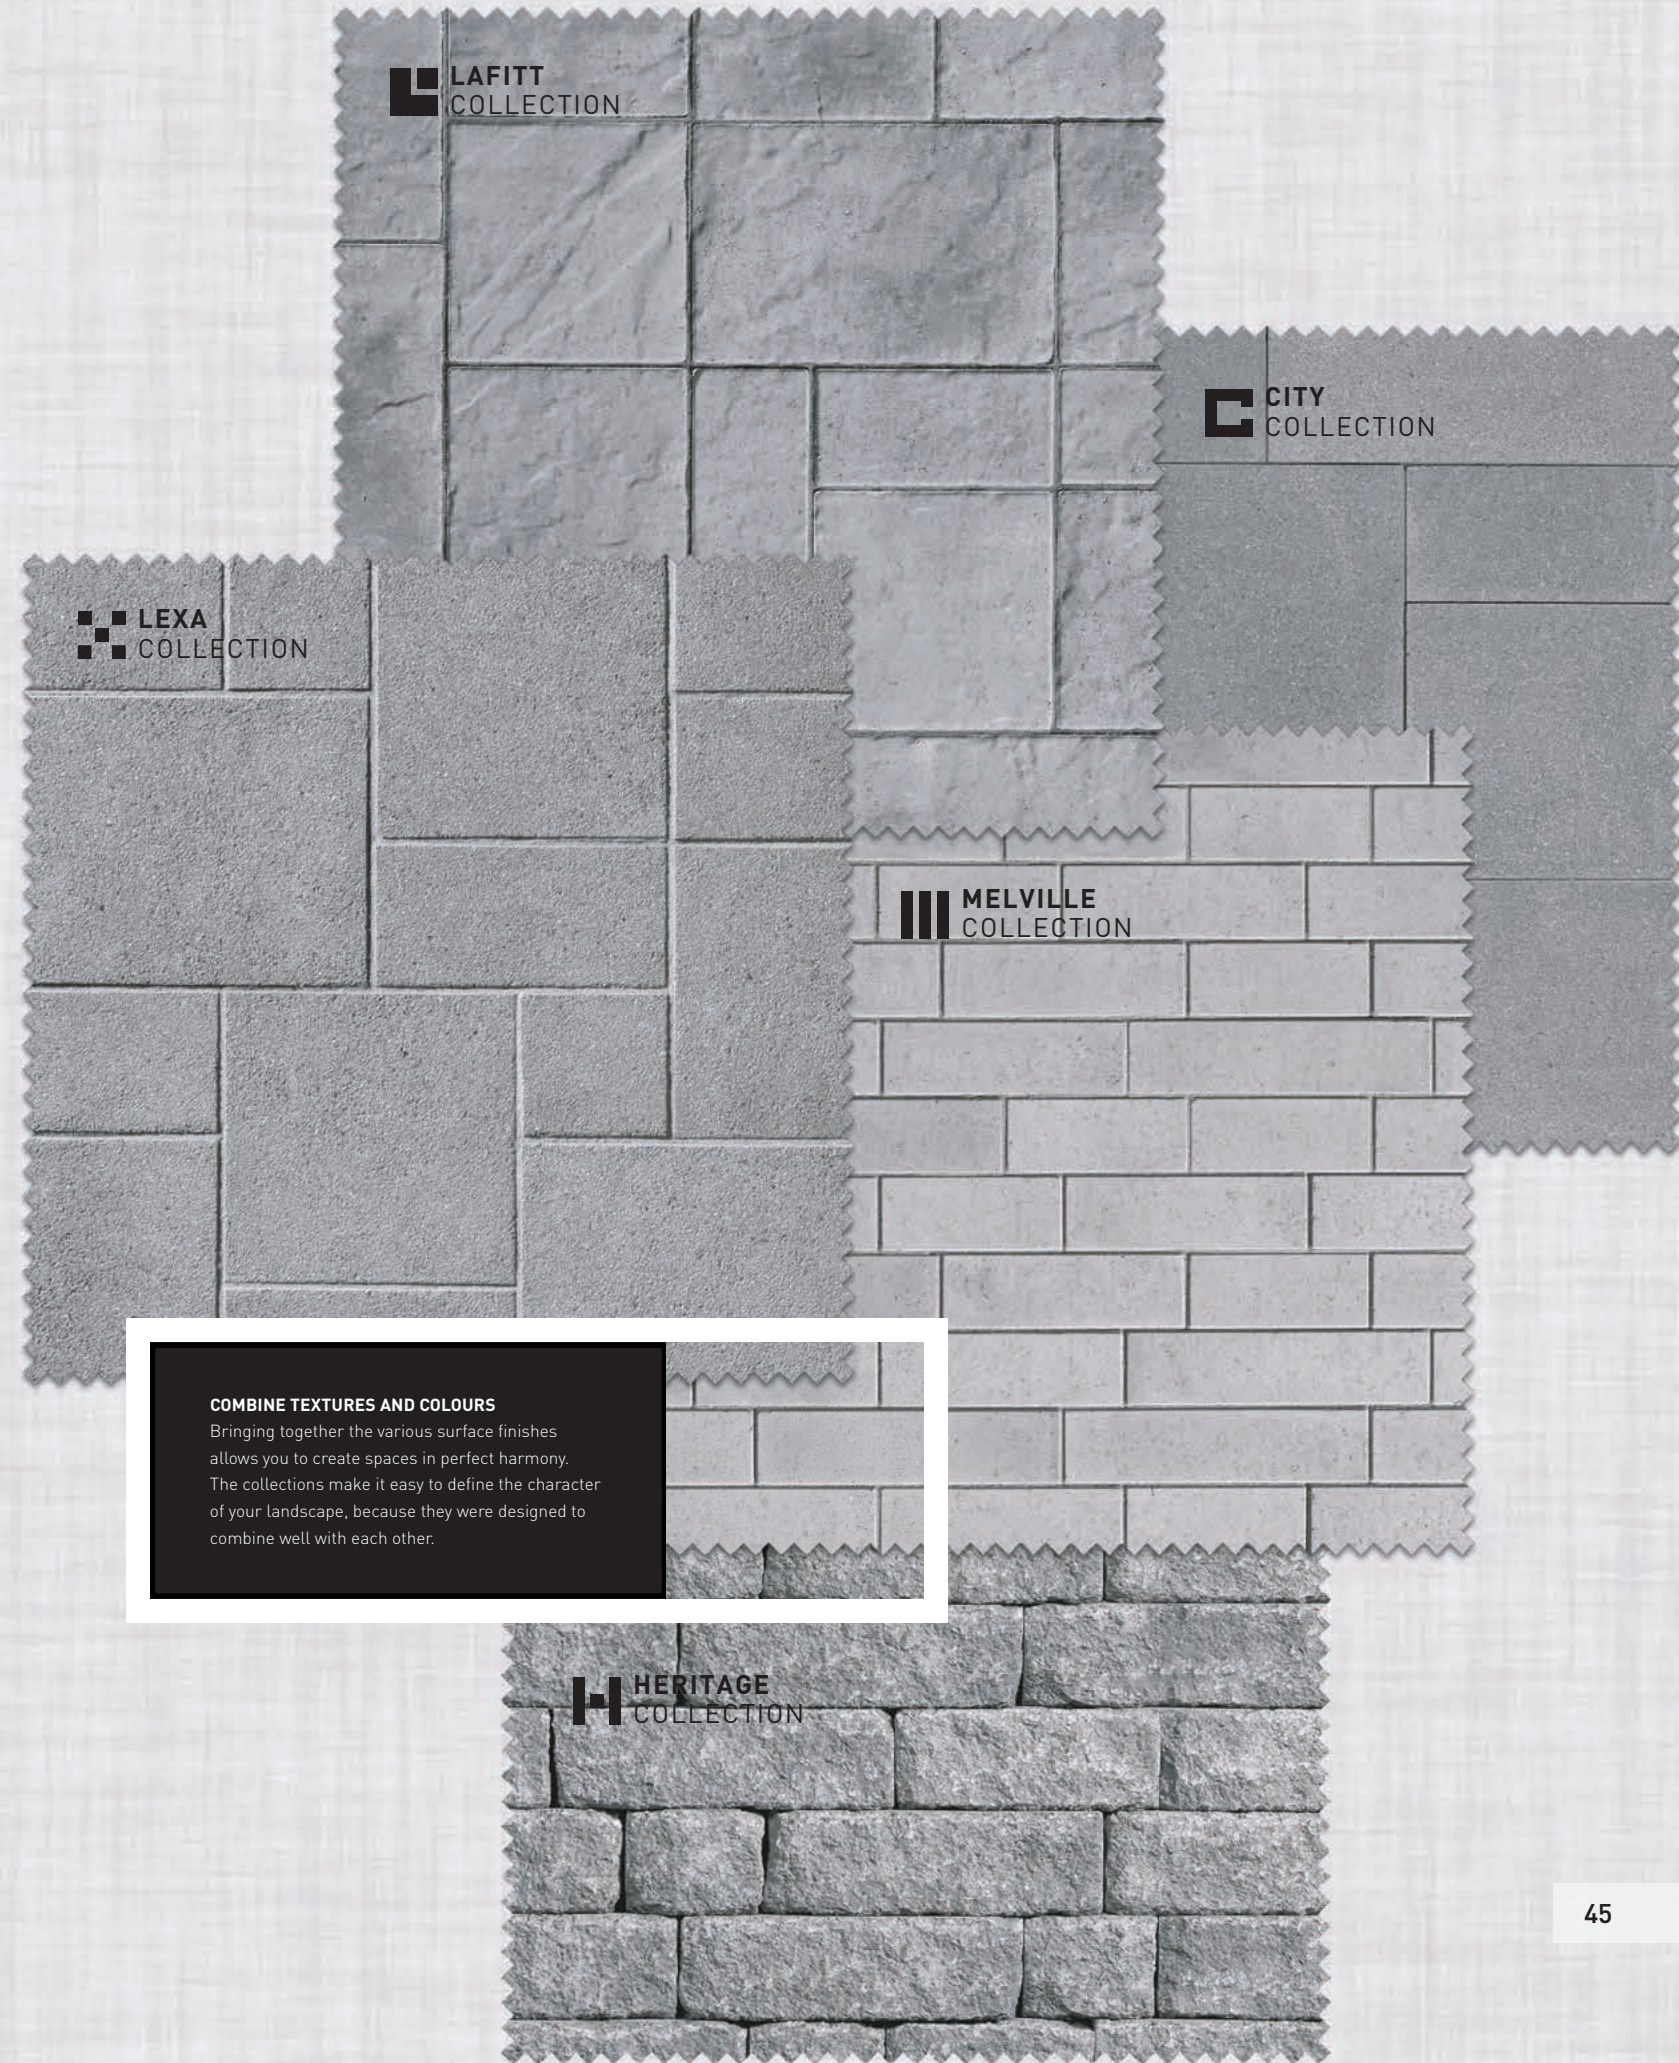

MELVILLE COLLECTION
Timeless: smooth finish, fine lines

LAFITT COLLECTION
Natural elegance: carved stone finish, slightly irregular edges, subtle colour tones

LEXA COLLECTION
Sophisticated: shot blasted finish, slightly chamfered edges, monochrome colours

CITY COLLECTION
Prestige: polished finish, straight edges, monochrome colours

HERITAGE COLLECTION
Authentic: uneven surface, softened edges

COMBINE TEXTURES AND COLOURS

Bringing together the various surface finishes allows you to create spaces in perfect harmony. The collections make it easy to define the character of your landscape, because they were designed to combine well with each other.

Efflorescence and maintenance of landscaping products

EFFLORESCENCE

A whitish residue, commonly known as efflorescence, may appear on some pavers and slabs right after installation and/or 12 to 18 months after.

This is a normal reaction caused by moisture-soluble salts that crystallize into a fine powder as a result of evaporation of water from the surface of the product.

This phenomenon occurs with all concrete product manufacturers and does not affect the structural integrity of the product. In the vast majority of cases, efflorescence is cleanable and usually disappears by itself with time.

CARE

Concrete is an organic product that can absorb stains. It must be cleaned to maintain all its beauty. It is recommended to quickly wash food stains with water and dish soap, sweep away dead leaves. Use specially designed products such as those offered by Techniseal.

Permacon products are strong enough to withstand the rigors of our winters and de-icing salts. Make sure, however, that a protective plate covers the steel blade of the snow removal equipment you are using.

COMMITMENT

Our experts commit themselves everyday to offering products that will align with your life and your space, but above all, that will exceed the expectations of the most demanding consumers, architects and contractors.

Whether it's one of our 11 production plants, 300 showrooms or one of our construction sites, we maintain an active presence every step of the way to ensure the exceptional quality of our products.

Permacon 65 years of know-how and innovation.

CUTTING EDGE

Permacon has long been a trendsetter that brings innovation to life. This forward thinking was embodied a few years ago when we established the industry's only R&D Centre in North America.

Whether by redefining the industry or introducing best practices, Permacon always pushes the market forward.

AESTHETICS

Taste can be infinitely varied, but we feel beauty must inhabit everything we create. For Permacon, beauty is always a matter of harmony, refinement, elegance and clean lines.

BUILDING PRIDE

All our products are made with passion and pride in Canada to meet the needs of our customers.

THE PERMACON GUARANTEE IN 4 POINTS:

- 1 Full coverage for **50 years**.
- 2 Structural integrity guaranteed.
- 3 Replacement in case of manufacturing defect.
- 4 Transferable to subsequent owner.

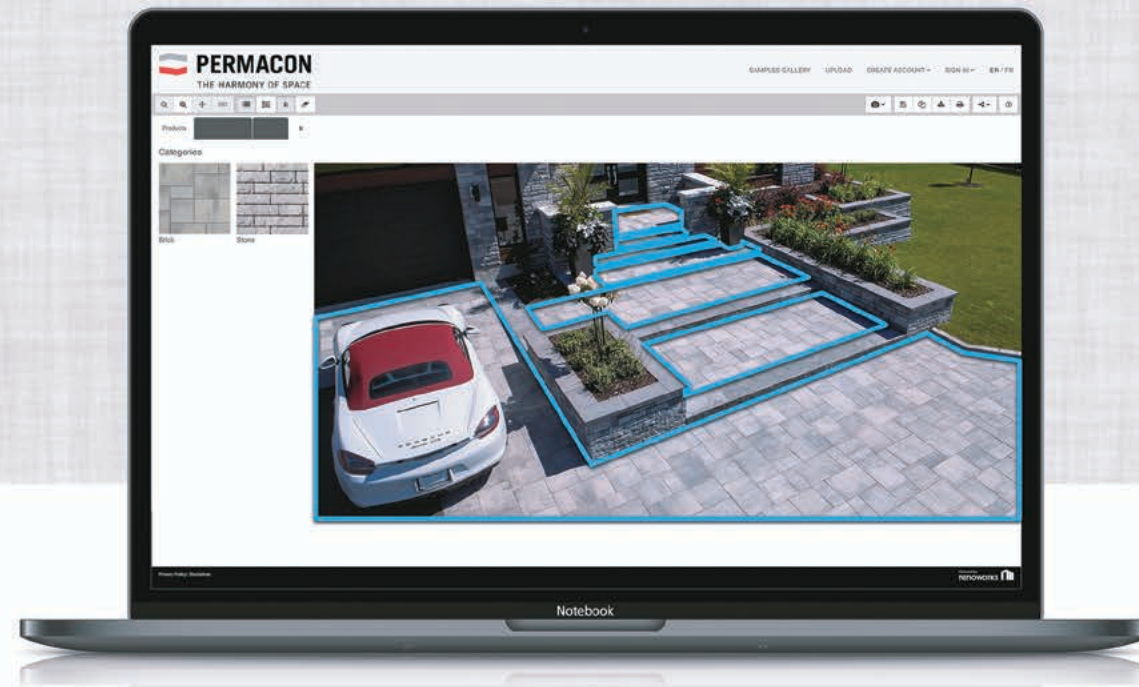

* For our full warranty statement, including exclusions, see PERMACON.CA

Create, dare, change, start again ...
in complete freedom!

VISUALIZATION TOOL

The Permacon visualization tool is simple:

- 1 Select a photo from our landscape gallery
OR upload a photo of your back or front yard.
- 2 Make your design in a few easy steps.
Choose from our products and colours and watch your design
come to life in real time.
- 3 Save your project in your file to consult it or refine it as you wish.
- 4 Share your designs with your friends or with your contractor.

permacon.ca

It's also a host of tools and resources to inspire you,
guide you through your project and help you find
a qualified contractor.

Portfolio	More than 200 exclusive photos to inspire you.
Project Assistant	A user-friendly and comprehensive tool to help you realize your project.
Fundamentals	The 14 principles of landscape design.
Project planner	The key steps in planning a project.
Find a contractor	Qualified contractors in your area.
Find a distributor	Visit one of our distributors.
Technical Guide	Detailed steps for easy installation.
